AOSWA 2026 Proceeding

AOSWA hereby informs you that all accepted, registered, and presented abstracts are invited for consideration for inclusion in the Scopus-indexed proceedings series, enhancing the international visibility of your research. To facilitate this, AOSWA encourages authors to expand their abstracts into a full paper (6–10 pages in single-column format, or approximately 4–6 pages in double-column format) for potential inclusion in the conference proceedings. Please note that inclusion in the indexed proceedings is subject to a successful peer-review process and final approval by the indexing partner.

Would you like to submit an expanded abstract (full paper) to the AOSWA 2026 Proceedings after the workshop?
☐ Yes ☐ No

*Commitment

By uploading this abstract I agree to comply with the registration policy established by the AOSWA 2026, and to attend the conference to present the paper if my submission is accepted.

I understand that the decision regarding the acceptance of my manuscript and the mode of presentation (Oral/ Poster) of my paper at the conference is at the discretion of the conference's Program Committee. If I am unable to attend the conference for any reason, it is my responsibility to ensure that the paper is presented at the conference, either by one of my co-authors or a qualified colleague.

☐ I agree.
